PROFILE

I am a recent plus two student with a keen interest in IT. Having completed a Mern Stack Developer course, I am eager to contribute to the field of web development. I am seeking a challenging role where I can apply my skills, learn, and grow both personally and professionally.

EDUCATION

SECONDARY SCHOOL

SNGSHSS, Karamuck, Kandassankadavu,
Thrissur

2019 - 2023

PROJECTS

1. E-commerce Platform (MERN Stack Web Development)

- Developed dynamic and responsive user interfaces with React.js.
- Implemented secure authentication and authorization mechanisms using Node.js and Express.js for backend functionality.
- Applied Bootstrap for consistent and visually appealing design elements across the platform.

2. BookMyShow (React.js)

- Developed the frontend of a dynamic event booking application using React.js.
- Created an intuitive and responsive user interface, contributing to a user-friendly booking experience.

3. Blog App (JavaScript)

- Implemented core functionality such as creating, editing, and deleting blog posts.
- Designed and developed an intuitive user interface for a seamless blogging experience.

SKILLS

- Proficient in both frontend and backend development.
- Strong fundamentals in HTML, CSS, and JavaScript.
- Experience with React.js for building static user interfaces.
- Proficient in Node.js and Express.js for server-side development.
- Skilled in MongoDB for efficient and scalable database management.
- Knowledgeable in creating user-friendly interfaces for enhanced user experiences.
- Strong analytical and problem-solving skills to tackle complex development challenges.
- Ensuring websites are optimized for various devices and screen sizes.
- Proficient in using Tailwind CSS and Bootstrap for efficient styling.
- Solid foundation in C, C++, and Java.
- Experience in working with various database management systems
- Proficient in writing and optimizing SQL queries for data retrieval and manipulation.
